## Easter Egg Hunt

Our annual Easter egg hunt will take place on Saturday, April 12 at Klima Gardens starting at 11:30 a.m.; rain-or-shine. The egg hunt is open to all Cuyahoga Heights' children and grandchildren 0-12 years of age. Please make sure that the kids bring an Easter basket or plastic bag with them for the egg hunt. Anyone wishing to donate Easter baskets for the egg hunt can do so by dropping off your basket at the village hall during regular business hours prior to Thursday, April 10. We also received confirmation that the Easter bunny will once again make an appearance to take pictures with all. Hope to see everyone there!

## Arbor Day Celebration

Please join our elected officials and administration as we celebrate Arbor Day on Friday, April 25 at 5:30 p.m. at Bacci Park. Five trees will be planted in memory of dearly departed family members or residents: *Jacob James Derbin, Ronald Henley, Marie Kruszynski, Adeline Lipiec, and William Edward Roelands.*

In addition, we will be dedicating a tree for long-time Councilwoman Lois Henley, who collaborated with her Go Green Committee and myself to establish Cuyahoga Heights' first Arbor Day celebration which was held on April 25, 2008. I remember our first event like it was yesterday. I lost a bet to Mrs. Henley. In an attempt to increase attendance at the event, she said she could get 100 people. I knew there was no way that could possibly happen. So doing what she does best, Mrs. Henley rallied the troops and over 100 residents and friends attended the event. Unfortunately, I lost the bet and had to jump into the fishpond at Bacci Park, fully clothed...lol!

## West Side Market Trips

Only two more bus trips before we suspend the service for the summer months. Sign up now for Saturday, April 5 and/or Saturday, May 3. Our bus driver will pick up residents at their home beginning at 7:45 a.m. (the market opens at 8:00 a.m.) and shoppers will have a couple of hours to shop. We'll then depart the market around 10:15 a.m. to bring you back to your residence. Residents must register by calling the village hall no later than 3:00 p.m. on Friday, the day before the trip. Please note that children 15 years of age and younger must be accompanied by an adult and there is a \$5.00 non-resident fee.

## Board of Elections

Voting polls will be open for the 2025 Primary/Special Election on Tuesday, May 6 at the village hall from 6:30 a.m. until 7:30 p.m. If you have moved or changed your name since you last voted, you must complete a new registration form to reflect your new address and/or new name. The registration form, as well as "Vote by Mail" applications are available for our residents at the village hall during normal business hours. You can also go online to [boe.cuyahogacounty.gov](http://boe.cuyahogacounty.gov) and fill out the forms. If you need additional information, the board of elections' phone number is (216) 443-8683.

# TORNADO SAFETY TIPS

Whether practicing in a tornado drill or sheltering during a warning, the Ohio Committee for Severe Weather Awareness encourages Ohioans to **DUCK!**

- D - GO DOWN** TO THE LOWEST LEVEL
- U - GET UNDER** SOMETHING
- C - COVER** YOUR HEAD
- K - KEEP** IN SHELTER UNTIL THE STORM HAS PASSED

## KNOW THE DIFFERENCE

### TORNADO WARNING

A tornado is happening or imminent. Take shelter immediately.

VS.

### TORNADO WATCH

A tornado is possible.

- Stay tuned to local radio/TV for info.
- Know where you'll shelter if you have to.

## A Message From Your Fire Chief, Mike Suhy

# TORNADO SAFETY BASICS

A tornado's path of destruction can be more than one mile wide and 50 miles long and can devastate a neighborhood in seconds. You may have little warning, so preparation and planning are key to reducing injuries. It's important to know what to do before, during, and after a tornado:

### Before

Know a safe place:

Know the safe places at home, work and at school. Locate local shelters and be aware of the tornado risk in your county or parish.

- Practice tornado drills at home and school.
- Have a plan for how family members will contact one another during an emergency. Establish an out-of-area contact (such as a relative or family friend) who can coordinate family members' locations and information should you become separated. Make sure children learn the phone numbers and addresses and know the emergency plans.
- Prepare a family disaster supplies kit. Families with children should have each child create their own personal pack.

### During

During a tornado watch:

- Remain inside, away from windows and doors.
- Listen to the radio or TV. Keep a battery-operated radio or a NOAA Weather Radio.
- Make sure your family disaster supplies kit is complete.
- Be alert during a thunderstorm watch. Severe thunderstorms can produce tornadoes. Being prepared will give you more time should the weather turn severe.

During a tornado warning - Listen to the radio or TV for weather updates and instructions from local officials. Quick action and planning ahead can save your life! If you get caught in a tornado, know what to do: take shelter immediately; stay away from windows, corners, doors and outside walls; be aware of flying debris. Crouch on the floor near an interior wall or under a heavy object, such as a table. Bend over and place your arms on the back of your head and neck (which are injured more easily than other parts of your body).

### After

Continue to listen to the news and weather updates. Stay away from power lines and broken glass. Be aware of the possibility of broken gas lines and chemical spills. If you smell gas or chemical fumes, immediately evacuate the area and contact authorities. Stay out of damaged buildings and return home only after authorities have issued an all-clear signal.

## PROPERTY MAINTENANCE

Property maintenance is not that difficult. Many homes have already met minimum standards. So, when the phrase “property maintenance” is used, what does that mean?

It includes simple things, like keeping your yard tidy and trim, repairing torn screens or damaged shutters, taking care of algae build up on vinyl siding, repainting areas of your home that are peeling or faded, repairing damaged steps or railings and making sure your landscaping is regularly maintained.

Property upkeep cost money, but isn't it worth spending a little on preventative measures that save a lot on major repairs? After all, your property is probably your biggest investment. Preventative maintenance on your home is beneficial to you and your neighborhood. Proper maintenance preserves your property, prevents costly repairs, increases your property value and improves your neighborhood and acts as stimulus to your neighbors to maintain and improve their property.

Sometimes you may want to hire a contractor for more difficult improvements. We encourage you to get several quotes, compare prices and ask for references. Be wary of “fly by night” contractors who do not have your best interest in mind. Contact the Better Business Bureau to make sure they are a reputable company or contact the building department for a list of contractors that are registered with the village.

Some home improvements may require a permit. If you are not sure your project needs a permit or have questions, contact the building department at 216-641-7020, Monday through Friday 8:00 am to 12:00 p.m. and 1:00 - 4:30 p.m.

### ***Just a quick reminder....***

If you are planning any home improvement projects for the spring and summer months, the George M. Suhy grant program is available, if your project qualifies. Please view the guidelines listed on the next page.

As always, if you have any questions, please contact the building department 216-641-7020.

### **DID YOU KNOW**
